

**Name:** Georgia Coleman

**Student Number:** 13937040

**Position(s) I am nominating for:** Socials Director

**Reason why I am nominating myself:**

I am nominating myself to be your 2021 Socials Director, as I am extremely enthusiastic and passionate about initiating and partaking in University social events. I believe it is essential to achieve a balance between studying, working and actually having fun! I personally understand that the overwhelming workload attached to a Law Degree can be consuming and isolating. However, that is exactly why I am here, to encourage everyone to get out, take a break, and have a laugh with your friends. I would also consider myself a very reliable and organised person, so you can be assured that I will be planning events ASAP to ensure that we secure the best venues, to have the greatest time possible! And finally, like most of us, I love a good party, so with me as your socials director you can be certain that I will make next year double the fun, to make up for everything we have missed out on this year.

**Experiences which will assist me:**

I was lucky enough to be a part of the 2020 LSS Justice Action Committee, which gave me great insight into the workload, expectations and dedication needed to succeed on the LSS Council. The time management and teamwork skills that I gained from being on the JAC will definitely assist me in effectively carrying out the role of Socials Director. I have also attended numerous social events held by the LSS, and hence I am experienced in knowing how events are run and which ones are most enjoyable. Because of this first-hand experience, I already have numerous ideas for future LSS events.

**What I will bring to the role:**

I will bring to the role my bubbly and enthusiastic personality, with the aim to improve your year through making new friends and having fun. I also am extremely dedicated to my responsibilities, and hence I know when it's time to focus and complete tasks efficiently and effectively.

**What I will assist the council with next year:**

If the social climate permits me to, I am dedicated to organise start and end of semester parties, the Law Ball and Law Cruise, and hopefully for the current first year students, our dreams of attending First Year Law Camp will come true (this is a big goal of mine). I also hope to include smaller and more personal events including year based drinks as well as picnics and pub crawls. If in 2021 the social climate is still restrictive, I will continue to host events such as zoom cocktail nights, trivia nights and games nights. I also hope to create a socials committee, as I value your opinions and voice regarding future LSS social events. I would also hope to contribute to the community and family environment of the LSS as a whole, establishing an inclusive and friendly atmosphere.
